

QUESTION-TO-SLIDE MAPPING

SECTION A - LECTURE 01

Course Introduction

Course	BECM 3101 - Construction and Project Management I
Lecture deck	1.0 - Course Introduction (8 slides)
Question bank	Term-final examinations, 2016-2024
Mapping basis	Topic and answer-content matching, independent of Section A/B labels

STATUS: INTRODUCTORY / OVERVIEW DECK

This file identifies the course scope but does not contain enough explanatory material to answer a past examination question directly.

Prepared as the first part of the cumulative lecture-by-lecture mapping report.

1. Executive Finding

No question from the 2016-2024 question bank is directly answerable from Lecture 01. The deck is a course introduction: it gives the course contents, objectives, learning outcomes, class outline, references and timetable. It names several examinable topics, but it does not provide the definitions, procedures, comparisons, formulas, diagrams or worked examples required by the past questions.

8	0	0	7
Slides reviewed	Exact matches	Direct matches	Overview topic groups

How this result should be interpreted

Exact match	The question, definition, procedure or numerical method appears on the cited slide.
Direct conceptual match	The slide contains enough relevant explanation to construct a proper exam answer.
Partial match	Only part of the required answer is present; other slides or lectures are needed.
Overview only	The topic is merely named in the syllabus or outline. This is the status of Lecture 01.

Important: The original examination sections change between years. Therefore, the mapping follows the subject matter, not the printed Section A/B heading.

2. Slide-by-Slide Audit

Slide	Heading / content	Match status	Assessment
1	Title page	No match	Course title, lecture number, date and instructor only.
2	Course Contents	Overview only	Names contracts, costing, estimating, tendering, value engineering, resource loading and other course topics. No answer-level explanation.
3	Course Objectives	Overview only	States what students should learn; it does not define or explain the listed methods.
4	Learning Outcome	Overview only	Lists expected abilities such as estimating costs, applying value engineering and managing resources.
5	Class Outline	Overview only	Provides the best roadmap for later mapping: Contract, Costing, Pricing & Bidding, Resource Loading, Contractor, Value Engineering and Line of Balance.
6	Reference Books	No match	Bibliographic information only.
7	Class Day & Time	No match	Administrative timetable only.
8	Thank You / Contact	No match	Closing slide only.

Conclusion from the audit

Lecture 01 should remain in the final combined document as a **course roadmap**, not as a source of exam answers. The exact question-to-slide links will begin with the later topic-specific lecture decks.

3. Preliminary Question-Bank Roadmap

The following index uses the topics named on Slides 2-5. It is a planning aid only. Each entry is marked **overview only** because Lecture 01 does not contain the answer itself. Question numbers will be linked to exact slides when the corresponding topic deck is uploaded.

Construction Contract	Reference: Slides 2-5 Status: Overview only
2016: 5(a-c) 2017: 5(b) 2018: 1(c) 2019: 5(a-c) 2020: 4(a-b) 2021: 5(a-c) 2022: 5(a-c) 2023: 5(a-c) 2024: 5(b), 6(a), 7(b-c), 8(c)	Topic named in the introductory deck; exact answer slide not yet available.
Costing & Estimating	Reference: Slides 2-5 Status: Overview only
2016: 6(a-b), 8(b) 2017: 7(a), 8(c) 2018: 1(b) 2019: 5(a), 7(b-c) 2020: 5(c) 2021: 5(a), 6(b) 2022: 5(a) 2023: 5(a), 6(b), 8(c) 2024: 7(c), 8(b-c)	Topic named in the introductory deck; exact answer slide not yet available.
Pricing & Bidding	Reference: Slides 2-5 Status: Overview only
2016: 6(a) 2017: 7(b), 7(d), 8(a) 2018: 3(b-c) 2019: 6(c), 7(b) 2020: 5(a), 5(c) 2021: 7(c) 2022: 6(b-c), 7(c) 2023: 6(c), 7(c), 8(a) 2024: 7(c), 8(c)	Topic named in the introductory deck; exact answer slide not yet available.
Resource Loading / Crews	Reference: Slides 2-5 Status: Overview only
2017: 6(a-b) 2018: 4(c) 2019: 8(a) 2021: 8(a) 2022: 8(a) 2023: 6(a) 2024: 5(a), 5(c), 7(a)	Topic named in the introductory deck; exact answer slide not yet available.

3. Preliminary Question-Bank Roadmap (continued)

Contractor & Subcontracting	Reference: Slides 2-5 Status: Overview only
2016: 6(c) 2017: 6(d), 8(d) 2018: 1(a), 3(a) 2019: 6(a-b) 2020: 4(b), 5(b) 2021: 6(c), 7(a-b) 2022: 6(a), 7(b) 2023: 7(b), 8(b) 2024: 6(a-b)	Topic named in the introductory deck; exact answer slide not yet available.

Value Engineering	Reference: Slides 2-5 Status: Overview only
2017: 7(c), 8(b) 2018: 2(a-c) 2019: 7(a) 2020: 6(a) 2021: 6(a) 2023: 7(a) 2024: 8(a)	Topic named in the introductory deck; exact answer slide not yet available.

Line of Balance / LSM / Repetitive Work	Reference: Slide 5 Status: Overview only
2016: 7(b) 2017: 1(d), 6(c) 2018: 4(a), 7(a) 2019: 8(c) 2020: 6(b-c) 2021: 8(b-c) 2022: 7(a), 8(c) 2024: 6(c)	Topic named in the introductory deck; exact answer slide not yet available.

The LOB/LSM group is treated as one preliminary topic family because the introductory deck lists Line of Balance, while several past papers use the terms LSM and repetitive construction. The exact relationship will be checked against the later lecture deck before finalizing the cumulative report.

4. Final Classification for Lecture 01

Category	Result
Exact past-question matches	None
Questions directly answerable from the deck	None
Useful role of this deck	Course roadmap and topic index
Best slide for future indexing	Slide 5 - Class Outline
Final label	INTRODUCTION / NO DIRECT EXAM MATCH

Workflow for the next lecture decks

1. Extract the full wording of every relevant past question.
2. Match the question to the exact slide number or slide range.
3. Assign Exact, Direct, Partial or Overview-only status.
4. Record the year, question number, marks and repeated appearances.
5. Update the cumulative Section A PDF without relying on changing exam-section labels.

Lecture 01 mapping completed

The first topic-specific lecture should produce the first exact question-to-slide links.
